

❑ COMPREHENSION CHECK

1. Match the numbers to the right sentence.

- | | |
|----------------------|--|
| 1. ❑ 127 | A the last time man went to the moon |
| 2. ❑ 650 million | B the number of years since the man first landed on the moon |
| 3. ❑ 1972 | C the 'day time' temperature on the moon |
| 4. ❑ 6 | D the number of men who walked on the moon during the Apollo 11 mission |
| 5. ❑ 2 | E the number of people who watched the first moon landing |
| 6. ❑ 50 | F the number of manned moon landings made by NASA |

❑ WHAT DO YOU THINK?

2. Lots of people are very excited about space travel. Others don't agree.
Write as many reasons for and against space exploration as you can think of.

Space exploration is a good idea because... 😊	Space exploration is a bad idea because... ☹
